MYSORE DIVISION.

Dated 4th March 1913.

Notice is hereby given that sealed tenders will be received at the office of the Executive Engineer, Mysore Division, up to 30th March 1913, for filling foundations and basement of the proposed General Hospital at Mysore. An approximate estimate of quantities is given below. These quantities are not guaranteed. The work should be completed by the end of June 1913.

2. The plans, detailed estimate and conditions may be seen at the Executive Engineer's Office at Mysore, between the hours of 11 A.M. and 3-30 P.M.

3. Tenders should be submitted on printed forms which may be obtained from the Executive Engineer. The tenders should be accompanied by a statement in the form given below, showing the rates at which the different items specified will be executed.

4. Each tender must be accompanied by a deposit of rupees five hundred in cash or Government promissory notes as earnest money, and be superscribed "Tender for filling in foundation and basement of the proposed General Hospital at Mysore," in default of which, tenders will be rejected.

5. The final acceptance of any tender will rest with the Superintending Engineer, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

6. Within eight days of the acceptance of the tender, the successful competitor will be required to execute the usual contract bond; in default of which, his tender will be considered cancelled, and his earnest money will be forfeited.

7. The name of the successful competitor, whose tender has been accepted, will be posted on the notice board in the Executive Engineer's Office in due course. No enquiries regarding the acceptance or rejection of a tender will receive any reply.

8. On acceptance of one of the tenders, the earnest money on rejected tenders will be returned.

R. V. SUNDARAM IYER,
Executive Engineer.

MYSORE CITY IMPROVEMENT TRUST BOARD.

FORM OF ADVERTISEMENT.

Dated 7th March 1913.

Notice is hereby given that sealed tenders will be received at the office of the Executive Engineer, Mysore City Improvements Division, up to 25th March 1913 for the supply of cast iron manhole covers and frames as per sketch sent herewith. An approximate number of manhole covers and frames is given below. These quantities are not guaranteed. The work should be completed by the end of May 1913.

2. Tenders should be submitted on printed forms enclosed herewith. The tenders should be accompanied by a statement in the form given below, showing the rates at which the different items specified will be executed :—

Description of work	Unit of work	Rate per unit
Manhole cover and frame without locking arrangement weight of each in cwt	Cwt.	
Locking arrangement including a good lock ...	Each.	

3. Each tender must be accompanied by a deposit of Rs. 100 in cash or Government promissory notes, as earnest money, and be superscribed "Tender for the supply of cast iron manhole covers and frames;" in default of which, tenders will be rejected.

4. The final acceptance of any tender will rest with the Chairman who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

5. Within eight days of the acceptance of the tender, the successful competitor will be required to execute the usual contract bond; in default of which his tender will be considered cancelled, and his earnest money will be forfeited.

The name of the successful competitor, whose tender has been accepted, will be posted on the notice board in the Executive Engineer's Office in due course. No enquiries regarding the acceptance or rejection of a tender will receive any reply.

6. On acceptance of one of the tenders, the earnest money on rejected tenders will be returned.

7. Approximate weight of each cover and frame should be noted while tendering and the rates tendered should be for F. O. R. Mysore per cwt. A simple locking arrangement is shown. Even if this goes out of order any of the parts could be easily replaced locally. If there is a better mode that might be suggested. The rate tendered must be exclusive of these bolts, chains, the rod and the lock and a separate rate for the whole of this latter set for locking arrangements should be quoted.

Y. ASVATHANARAYANA RAO,
